C&K MANUFACTURED BY SOLFAN	

	REPLACE WITH... Eagle
	OR UPGRADE WITH... Wizard System
VG017/VG047 MANUFACTURED BY BEA	

Disclaimer: This sheet is intended to serve as a reference for identifying older sensor systems, for the purpose of making recommendations for an upgraded sensor solution. All sensors, old or new, should be walk-tested by an AAADM certified inspector to determine compliance to applicable standards. Daily safety checks should also be performed by the owner of the equipment to help ensure safe operation.

OLDER SENSOR SYSTEMS TO BE CHECKED FOR ANSI COMPLIANCE TIME FOR AN UPGRADE???
